

UI-2

TIMER:

Word 1 Word 2 Word 3 Word 4 ... Word n

<< DRAG words into box below >>

HINT!

COMPRESS

The compressed string is :

SUBMIT SOLUTION

PLAY AGAIN

RESULT: won/lost

STATISTICS: - - - - -

NOTES

- Unlike previous UI, where we had multiple boxes for dragging, we shall now have a single box, which accepts multiple words.
- We shall then compress the text in the box and map it to an integer. This makes UI simpler.
